WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive fr. e the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as *sacredly* confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing *only*, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. **Much imitated, but never equaled.** Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Rows in Churches.

A special dispatch from Williamsport, Pa., says:

"Rev. William Matthewson, pastor of the Swedish Valley Methodist Church, created a sensation at the Sunday service by offering to fight any three men in the valley. The challenge came as the climax of a series of sensational attacks on the members of the Masonic and other secret orders. This time his remarks were resented, and a public quarrel followed, several of the leaders in the church assailing the minister while he was in the pulpit. Mr. Matthewson declared from his pulpit that no member of the Masonic fraternity should have a place in the church and that no minister who was a member of the order had ever had a successful revival. He savagely attacked at the same time the Grange and the Odd Fellows. In the midst of his statements Hiram Lent and Warren White, two prominent members of the church, rose and challenged his conduct and asked him to confine his sermon to topics on religion. He ordered them out of the church, it is stated, and then issued his challenge to fight three men. Matthewson is a converted woodsman, and up to the present time has been very successful in the ministry. His challenge has not been accepted."

Telegrams from Beattyville, Ky., say that John Miller, of Breathitt county, shot and killed James Grees and wounded James M. Thomas during a fight in a church on Fraley creek, Lee county, Sunday night. Miller entered the church, according to the report, and announced that he was the best man in the house. Grees and Thomas disputed this and the shooting followed. A mob formed to lynch Miller, but the sheriff landed his prisoner safe in the Beattyville jail.

Wed Daughter of Divorced Wife.

Yesterday, four months after he had divorced his wife, Mrs. Bettie Halifax Woods, John Woods, of Ridgeway, New York, married her 26-year-old daughter, Mrs. Georgiana Brownson, also a divorcee. The mother witnessed the ceremony, which took place at the home of Bernard P. Thompson, at Oak Orchard, perfectly willing that the strange cremony be consummated.

Woods and Mrs. Halifax were married three years ago in Rochester. The courtship had been of the matrimonial bureau variety, carried on by correspondence. Mrs. Halifax was a Baltimore widow and had three daughters and and some money when she went to Rochester to meet Woods. They were married on the afternoon of the day she arrived there.

The couple, daughters and money, went to Ridgeway, where Woods is an apple dealer, to live. They became estranged a year ago, it is said, because of the attention Woods paid his wife's daughter. In January Woods began the divorce suit and in February it was tried, with the result that he got a complete divorce. The defendant did not let the case go by default, however. She filed a cross bill, alleging undue relationship between her daughter and Woods.

Mrs. Halifax Woods stayed at the Woods house after the divorce, acting as housekeeper. She made no demonstration when Woods and her daughter's engagement was announced in the local paper, four weeks ago. When her daughter was joined to her former husband, she said to her neighbors: "I am glad they are married."

Feast of Our Lady of Mount Carmel.

More than 100,000 Italians yesterday congregated between One Hundred and Fourth and One Hundred and Sixteenth streets, the "Little Italy" of New York, to celebrate the feast of Our Lady of Mount Carmel. They came from as far east as Boston and as far west as Pittsburg. From 30 miles around New York Italians came on foot, many of them barefoot as a still greater penace. All day was spent in semi-religious festivities. About the colony were scattered altars of wood and tinsel, before which Italians knelt in the streets, and on which many of them laid wax reproductions of fingers, limbs or other parts of the body, which their prayers to the saint were expected to heal. At a street parade the rear end was made up of barefoot women and children carrying candles that melted under the combined heat of their own flight and the sun. Candles, many of them expensive importations from Italy, were conspicuous parts of the festival, and it was estimated that more than seven tons of them were used yesterday. Hundreds of pilgrims from out of town were forced to live in the streets and 300 patrolmen were detailed to preserve order.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Gibson & Timberman and W. F. Creighton & Co.

LIVING TOO HASTILY

AMERICAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result—Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

one woman in twenty-five but what suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, lighthearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacement of the womb, spinal weakness or ovarian troubles.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—womb trouble.

Read this letter:

Dear Mrs. Pinkham:—

"I was troubled for eight years with irregularities which broke down my health and brought on extreme nervousness and despondency. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. Day by day I improved in health while taking it until I was entirely cured. I can attend to my social and household duties and thoroughly enjoy life once more, as Lydia E. Pinkham's Vegetable Compound has made me a well woman, without an ache or a pain."—Mrs. Chester Curry, 42 Saratoga Street, East Boston, Mass.

At the first indication of ill health, painful or irregular menstruation, pain in the side, headache, backache, bearing-down pains, nervousness or "the blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

Surplus of a Million.

The statement of the Virginia-Carolina Chemical Company for the year ended June 15 was issued yesterday. The net earnings are given as $2,892,109.54, and from this is to be deducted interest and discount, interests on bonds and dividends on preferred stock amounting to $1,320,000. The surplus for the year carried to profit and loss account, after having paid out and charged to operating expenses $814,311.64 for repairs and maintenance is $965,231.38. The report shows that the loss on operations of the Southern Cotton Oil Company for the year ended May 31, 1905, was $338,386.50. The balance June 15, 1904, as per annual statement, was $3,457,033.21, and the surplus June 15, 1905, as per balance sheet, is $3,477,527.22.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, JULY 18, 1905.

THE REPUBLICAN meeting last night was attended by most of the white representative men of that organization in this city. There were but four colored men present, and they left before the meeting adjourned. The casual spectator was reminded of certain utterances in Alexandria many years ago—during reconstruction days and the rise of Mahoneism. The speakers last night dwelt long upon the sanctity of the public school system, reiterating, as was done a third of a century ago, that it was conceived and established by the Underwood convention, and a mountain was made out of the mole hill that exists at present in the State Board of Education. But the most amusing sallies were those made against the present suffrage system whereby only those who are willing to pay their capitation taxes are allowed to vote. Considerable breath was spent while the mercury was holding tenaciously to the ninety mark in attempts to show what the speakers imagined was an injustice to a large percentage of poor, but honest and patriotic citizens of the Commonwealth. The late constitutional convention was by no means an infallible body, nor did it pretend to be such, but that it was altogether right in imposing a poll tax is generally allowed. This measure eliminated portions of the tail of all political kites by making it a requisite for good citizenship for a man to pay his taxes. It is hoped that Virginia will ever regard this as a law of the Medes and Persians. There were other utterances last night that reproduced reminiscences of the early seventies when white spirits and black mingled in republican meetings in Alexandria. One was to the effect that it was the aim of the democratic party to run the State by aristocrats entirely, by which means the plebians would be relegated to the rear. This, one of the speakers dreamed, was the object of the party when the poletax law was enacted. This is an ancient charge and one of the most baseless that was ever uttered by people posing as sensible beings. A prominent colored politician of by-gone years, now dead, said substantially the same thing in a colored school house here in 1871, and added a libel on the late William Smith, when he asserted that the ex-Governor had said on one occasion that children of the poor should not be educated, as some black diamonds might come out of the plebian stock and oust those intended to rule by virture of their birth. That the late Governor, astute politician as he was, never uttered such words, needs no contradiction from us.

SENATOR Thomas C. Platt as he stood on the piazza of his home, Tioga Lodge, in the Skunnemunk Mountains, near Highland Mills, N. Y., last Sunday, made this remarkable statement:

Seventy-two years old—a great many days and months and years—some of fruitful, some barren, but none of them worth the while. No, it has not been worth while. It could have been so much better—or, at least, so different from what it is.

The Senator two years ago, when he had reached his 70th birthday, said he did not want to join the century club, but desired to live five years longer. On Sunday he stated that his wish was that his existence would be prolonged five years from that date. The Senator said he had no desire to go over his life again, but if that were possible he would shape it differently. Senator Platt is like most human beings. Were it in his power to go back to childhood, with his seventy years experience, he would not repeat many of the mistakes of his life, but that he would make others equally as serious is probable. In the evening of life we all realize that our existence has been but a school, and as the shadows lengthen we feel that we are only beginning to learn how to live.

WHEN Mr. J. R. Caton was a candidate for Lieutenant Governor with a strong probability of being nominated, the people of Alexandria city and county, fully appreciating his services in the House of Delegates at a critical time in the State's history, knew that as Lieutenant Governor he would be in Richmond while the General Assembly was in session looking after the interests of his constituents. Since Mr. R. Taylor Ellyson entered the field, however, and Mr. Caton withdrew from the race in his favor, many citizens of this city and county have been anxious to see Mr. Caton in the Legislature again and have endeavored to prevail upon him to stand for re-election. He has the matter under advisement and his friends hope he will re-enter the field.

THE REPUBLICANS of this city selected a hot night on which to elect delegates to their State and city conventions and otherwise went to considerable trouble to accomplish nothing—certainly so far as Alexandria is concerned. The number of white and colored republican voters in this city is small indeed; so small that in many instances the same delegates were named for both conventions. The party, it is predicted, will cut a sorry figure in the election to be held next November.

IN THE Connecticut Senate last Friday Senator Donovan, one of the six democratic members of that body caused a sensation by saying: "On the authority of a Senator, I will say that the New Haven road (meaning the New York, New Haven and Hartford Railroad) has paid $10,000 for a senatorial vote, and I pause for contradiction." So far there has been no contradiction, and this fact leads many to believe that more than one member of the Connecticut Senate has received money for his vote.

THE Venezuelan government has paid to the British and German legations 2,797,959 bolivars, being the first six months' instalment due under the contract recently signed for the conversion of the foreign debt of Venezuela. Still, the jingoes in this country are ever accusing Venezuela of being false to every trust. The truth of the whole matter is that Venezuela owes a large sum of money and asks only to be treated fairly in order that she may pay her debts.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., July 18.

John Hyde has resigned as Chief Statistician of the Bureau of Statistics of the Agriculture Department. The ground alleged is failing health. Mr. Hyde said this afternoon that even before the present trouble in the Bureau of Statistics, he had intended to resign in the fall, as he had become tired of the constant strain he had been placed under by reason of the criticisms of his work. He came to Washington in 1890 from Nebraska, and was first employed in the Agricultural Division of the Census Bureau. In 1894 he was transferred to the Department of Agriculture, and was made chief statistician shortly after Secretary Wilson came into office. He says he has not as yet formed any plans for the future. It is announced that Prof Willet M. Hays, Assistant Secretary of Agriculture, will be put in temporary charge of the Bureau of Statistics pending the appointment of a successor to Mr. Hyde as Chief Statistician.

Formal announcement has been made by the Panama Canal Commission of the selection of Jackson Smith, until recently general passenger agent and assistant to the president of the International Railway Lines of Mexico, as assistant to Chief Engineer Stevens. Although not an engineer by profession, Mr. Smith has for a number of years been engaged in railroad construction and operation in the tropics. Chief Engineer Stevens thinks that his assistance in the management of the labors on the isthmus will be of great value to the commission. His compensation will be large, the exact figure so far being secret. Mr. Smith will accompany Chairman Shont and Mr. Stevens to Panama, sailing with them on the steamship Mexico from New York on Thursday. Mr. Stevens was in this city today.

A fraud order was issued today by the Postoffice Department against J. B. Williams and wife, E. P. Wilson, Geo. W. Taylor and wife, B. Howard and Rudolph Newchaffer, of Newark, N. J. They are accused of ordering merchandise from over the country without the intention of paying for it. Williams is alleged to have opened a wholesale grocery store in Newark and with the others accused is said to have reshipped goods ordered but not paid for, to New York, Perth Amboy, New Jersey and other cities for sale.

It is learned here that when Congressman Slemp and Collector Summers applied last week in person to Commissioner of Revenue Yerkes for permission to remove the internal revenue office from Alexandria to Abingdon, the refusal was so positive that another attempt at the removal of that office will probably not be made for some time to come.

The inroads of American made shoes in the German trade, according to Consul General Guenther, at Frankfort, has led enterprising German manufacturers to stamp their output "American made." American patterns and styles are very popular in Europe and the European makers copy the shoes on sale in European cities at American agencies. German dealers and manufacturers are discussing higher tariffs on American shoes, and desire the establishment of a government technical school for shoemakers.

Secretary Wilson, of the Agriculture Department, today received special reports from several State agents in regard to the accuracy of the cotton report issued June 3rd, and when all are in the question of issuing a new report of acreage will be decided. The prevailing opinion is that a new report will not be ordered, the department standing by the accuracy of the June report despite the larger decrease in acreage announced by the Southern Cotton Growers' Association and others. Edwin S. Holmes, jr., the associate statistician, who was dismissed last week, has returned to his home in this city after a mysterious absence of several days. He declines to say anything about his dismissal, or the investigation now being conducted by the Department of Justice.

Wheat Market Weak.

Following the downward movement elsewhere, the local wheat market in Baltimore yesterday was weak, and prices show a decided decline. Spot wheat at the close of the market was 5½ cents a bushel lower than at Saturday's close, and the decline in the options was 1¾ cents to 2 cents. No. 2 red Western at the close was quoted at 85½ cents a bushel. The market for Southern wheat was also lower, and cargoes of No. 2 red at noon were quoted at 88½ cents a bushel, against 91 cents on Saturday. There were large receipts of Southern wheat, comprising 43,391 bushels, and it is to increasing receipts and the favorable crop weather that the present weak tone of the market is mainly attributable.

Forty-Seven Wounds.

With a bloodstained envelope as a possible clue, eight detectives are endeavoring to solve the brutal murder of a man named Steven, in his room, in St. Louis. At a post-mortem examination yesterday evening 47 wounds were found on Steven's body by Dr. Hartman. There were 20 wounds in vital spots. Stevens was about 47 years old, and the theory has been advanced that he was stabbed for every year of his life as the result of a pact by a Greek secret society. William Armbuster, former superintendent of the morgue, said that it was the most "scientific butchering" he had ever seen. He believes that from three to six men committed the murder. Stevens' money belt had been cut open and its contents taken. The police believe the murder was committed by an agent of a secret society. The envelope, which may be a clue, was addressed to Antanesius, at 273 south Pluke street, St. Louis, and was postmarked Brookfield, Mass. A notation had been made on it in blue pencil. The first figure was "7." The police believe this may have been the first of "717," tho south Second street address. More than 20 Greeks are under arrest.

Insect Pests at Panama.

So serious has become the scourge of insects in the canal zone that the supply of insect powder in this country has been exhausted by an emergency call from the sanitary officers on the isthmus. A requisition sent by the army medical department for 38tons of various insecticides revealed the fact that there were but 20 tons of the needed materials in New York. It is believed by the medical officers that the quantity desired on the isthmus exhausted the supply in the country. There was purchased at the same time 20 tons of sulphur and 100 iron pots in which to burn it, together with fifteen tons of newspapers, which were needed in the fumigation of the buildings of the isthmus.

All this material was called for by cable, purchased by the medical officers in New York, and delivery made at the isthmus within two weeks from the time the cable message was sent. This is a star performance, in which the medical officers take great pride, and they say the civilian purchasing officials are unable to accomplish their work in any such short period.

Trouble in Crete.

A dispatch from Canea, Crete, dated Sunday, says that the meeting which was held on Saturday between the foreign consuls and representatives of the insurgents has not improved the situation. The insurgents argued in justification of their armed movement and insisted upon a modification of the political status of the island in the direction of a union with Greece. They declared that they would yield only to force. The consuls will give an official reply to the insurgent assembly after a consultation. Owing to several assassinations recently the Mohammedans of the island are alarmed and are abandoning their country homesteads and entering the towns. Many appeals are being made to the consuls. On Sunday three deputations besought the protection of the British Consul. A force of 350 Russian soldiers arrived from Odessa yesterday and has been sent to Retimo, on the north coast. It is a city of 3,000 inhabitants, almost all Turks.

Cameron, who is spending the summer in Louisa county, has written a strong letter condemning the action of the Supreme Council, Royal Arcanum, in increasing so heavily the assessment rates on the old members of the order. He will reserve the right to join in any legal procedure that may be taken for the restitution of his rights, or for the accounting by the order for the money already entrusted to it.

State Senator George S. Shackelford, of Orange county, has been declared the democratic candidate for the State Senate from Orange, Culpeper and Madison counties. SENATOR MARTIN SPEAKS.

Senator Martin was the principal speaker at a barbecue at Chatham, the county seat of Pittsylvania county, yesterday, at which more than 2,000 persons were present. The Senator denied the charge of Governor Montague—that he is at the head of a machine. J. Taylor Ellyson, candidate for Lieutenant-Governor, in a 15 minute talk, said J. Alston Cabell made a mistake in his recent interview, in which he said Ellyson promised him not to be a candidate, declaring that never at any time or in any place had he made such a statement.

An immense audience greeted Senator Martin and Hon. J. Taylor Ellyson at the Academy of Music in Danville last night. The building has rarely been so full. The speeches were bright, entertaining and well delivered, and the audience was enthusiastic. Senator Martin was introduced by Mr. W. T. Harris, and the greeting he received gratified him, as he acknowledged in the course of his speech. He discussed some points in Governor Montague's Manchester speech of Saturday night. Mr. Ellyson's speech was a presentation of his claims for nomination as a candidate for Lieutenant Governor.

In its account of the meeting the Richmond Times Dispatch say: Senator Martin evidently realized that he was in "the enemy's country," as well as before an audience that was made up of strangers, and in defending his record and giving an account of his stewardship, he was perhaps most earnest and threw more vim of soul into his address than have characterized any of his other speeches in the campaign. That Senator Martin made new friends was plain to a casual observer, and that he earned many votes his friends believe and are not slow to express their delight. The senator's reception was inspiring. The people cheered him, threw up their hats, and cheered again, and it was some minutes before he could begin his speech.

War Upon The Onion.

Society in Portsmouth, Ohio, has declared war on the onion. During a lecture given under the auspices of the Alliance of Woman's Clubs the speaker said that the onion had no value as a food, that it had no taste, appealing only to the sense of smell, and that it was useless to the stomach, as well as a nuisance. The odorous vegetable had friends, though, and auguments grew so heated that friends refused to speak, brothers quarreled, and in one instance an engagement was broken off because the prospective bridegroom carried in his pocket an onion.

Today's Telegraphic News

The Torrid Wave.

New York, July 18.—The torrid wave still holds New York in its burning crasp, and is sending scores to the list of dead and prostrated. All night long the sun-baked streets radiated hot breaths and it was long after midnight before the thermometer fell below the nineties. Morning came and as the sun, burnished like a copper ball, rose in the hazy, stifling air, the temperature rose again and at nine o'clock the weather man, perched on a 22-story building, reported 86 degrees, or six degrees warmer than yesterday. Down on the sidewalks the unofficial thermometers consistently regist red ninety degrees. The weather bureau promises no relief.

Thousands made no attempt to sleep last night and sat on the front steps, or passed the night away riding up and down the city in trolley cars. The parks on the lower east side, where humanity is packed in narrow confines by the thousands, were filled to their capacity by sleepers who flung themselves down on the ground and sought to take a moment's rest. The roofs of flats and tenements were covered with sleepers, while fire escapes were converted into sleeping places by the score. The recreation piers were crowded all night, while not a few slept on the string pieces of piers braving the danger of a sudden plunge in the waters of the river.

Up in the Italian district, in the Bronx, the inhabitants, driven to desperation by the sultry air, threw their mattresses out of the windows and soon the entire colony was sleeping on the pavements. The police arranged it that they did not block the street and let them alone. The beaches were eagerly sought as a resting place for the night, and under the supervision of the police, people ranged themselves in long rows along the sands. The beach hotels were filled, every room being taken. Business in the city is proceeding slowly because of the heat.

The supply of water in the reservoir in Brooklyn is reported very low, and a famine is feared. The water department has sent out word warning housekeepers to be as economical as possible just at the time when frequent baths and extraordinary use of water are inevitable results of the heated spell.

Philadelphia was the hottest city in the country yesterday, with ninety-six degrees, with New York a close second.

Boston, July 18.—This was the hottest morning of the year. At 8 o'clock the mercury stood at 82, and at noon it registered 90. Boston is fortunate today in a low humidity, the record showing 66 per cent. as against 88 yesterday.

Chicago, July 18.—The crest of the hot wave has passed over Chicago and some relief is promised for tomorrow. Prof. Garriott, weather man, asserted the temperature today would approach the record of yesterday and that by tomorrow, there would be a little moderation.

Three deaths last night and today were added to the list of those who succumbed to the heat yesterday, making a total of six since yesterday morning. Two tragedies were due to the heat—the death of George Mooney, colored, who suicided while crazed by the torrid temperature and Jacob Pryba, who fell from a window where he was seeking the air and was killed.

St. Louis, July 18.—There is no relief in sight from the excessive heat. Today, the temperature is expected to exceed Sunday and Monday's records of 92 degrees. In addition to the prostrations reported last night, there were three reported this morning.

Miss Pastor Bride of Millionaire.

Norton, Conn., July 18.—Today witnessed the climax of perfect romance of Miss Rose Harriet Pastor, the beautiful young Russian Jewess, cigarmaker and charity worker, when she was wedded here to J. G. Phelps Stokes, millionaire philanthropist. "The Point," the beautiful castellated summer home of Mr. and Mrs. Anson Phelps Stokes, parents of the bridegroom, was the scene of the wedding feast. The ceremony, which was celebrated at noon in the pretty Episcopal church of this village by the Rev. Louis French, assisted by Rev. Anson Phelps Stokes, jr., secretary of Yale University, was extremely simple, in accordance with the wishes of the bride. Oak leaves and daisies were the decorations. She wore a plain white gown of mousseline de soie without a veil. The bridal pair was unattended. The parents and brothers of Mr. Stokes, the immediate relatives of the bride and workers who have been associated with both bride and bridegroom, in the slum settlements of New York witnessed the ceremony. After the wedding breakfast Mr. and Mrs. Stokes went for the honeymoon to a cottage on the Shadowbrook estate of the bridegroom's father. They will go later on a European tour, which will include the poverty-stricken Russian village where the bride was born. When they return their home will be in a five-room apartment at Grand and Norfolk streets, where their educational and charitable work will be continued.

Drowned.

Valley View, Ky., July 18.—Miss Nancy Carpenter, aged 14, was drowned here last night. She was with a party of young people on a boat excursion on the river, when the guy rope from the boom knocked the top off the pilot house. Miss Carpenter was badly frightened and fell under the wheels of the boat. Business is suspended today while the river is being dragged in search of the body. Several other of the excursionists were injured when the accident happened.

Lexington, Ky., July 18.—The steam launch Shamrock, bearing forty dancing excursionists rammed a log boom in the Kentucky river near Valley View late last night, and sank in a few minutes. Nina Carpenter, aged 14, of Nicholasville, Ky., was drowned. Telephone advices today, however, state that several other persons were drowned and that the bodies have not been recovered.

Forty Persons Drowned.

Lahore, India, July 18.—The ferry boat plying on Anchor Lake capsized today, while carrying a large crowd of pleasure seekers, who were returning from a fete at Srinagar, Kassmir, and forty persons were drowned. Srinagar is one of the capitals of Kassmir. The lake near the town on which the accident occurred, is widely celebrated for its floating gardens.

I., July 18.—The battleships, Alabama, Illinois, Iowa and Massachusetts, under command of Rear Admiral Davis, sailed today to join the fleet of American warships which is conveying the body of John Paul Jones to this country from France. The warships will cruise between here and Hampton Roads, Va., always within wireless communication of one another. When the inward bound ships are picked up, the warships will assemble and cruise as an escort to Hampton Roads. Tomorrow the first division of the battleship squadron, consisting of the Maine, Missouri, Kearsarge and Kentucky, commanded by Rear Admiral Robley D. Evans, will sail from Newport to Hampton Roads.

Japanese on Saghalen.

Berlin, July 18.—The Schlessische Zeitung says that the Japanese who have practically overrun the island of Saghalen have released all the convicts on the island, which has been used for a convict station by Russia. In releasing the prisoners the Japanese have differentiated between the political prisoners and ordinary criminals in their disposal of the convicts. The political prisoners have been asked to remain on the island and become Japanese citizens. This invitation was accepted. The malefactors were shipped to the mainland, where they were turned loose in Siberia after being supplied with provisions. The Japanese have discovered the official records of the penal settlements of Saghalen.

Preparing for a Strike.

Madrid, July 18.—Employees throughout the capital have decided to inaugurate a strike which will last 24 hours as a protest against the inactivity of the government in reducing the tariff schedules. The strike will be declared this week. Mass meetings will be held during the time the strike is in progress, at which the working people will voice their demand for action on the tariff. The agitation for cheaper food stuffs has extended to the provinces, and the working people everywhere are showing a great deal of interest in the matter. It is feared that unless something is done in the near future to appease the people, rioting will follow.

No Arrests Yet.

Philadelphia, July 18.—Mayor Weaver today announced that actiug upon the advice of his retiring chief counsel, Elihu Root, he had engaged Julian P. Davies, of New York, to take Mr. Root's place. The further official announcement was made that no attempt would be made to issue warrants for those who have figured in the filtration exposures until District Attorney Bell recovers from the injuries he received in an elevator accident yesterday. This practically means the declaration of a truce until fall in the prosecutions, and also in the local political war. Durham left the city this afternoon for a two-months stay in the Maine woods.

A Foolish Rumor.

London, July 18.—Advices from St. Petersburg say that a large part of the representatives of the Zemstvos and Dunas, who have arrived at Moscow for the meeting to be held tomorrow, favor issuing a proclamation deposing Emperor Nicholas and establishing a regency for the Grand Duke Alexis Noclaievitch, the Czar's infant son, and heir-apparent to the throne. Under this plan the regency would be established under four of the Grand Dukes. It is alleged that the reason why the meeting of the Zemstvos and Dunas delegates has been forbidden is because the fact that so many of the delegates favored this plan became known.

Confiscated by Censor.

Moscow, July 18.—The censor has confiscated 25,000 copies of the reply which the Czar made to the delegation from the Zemstvo congress which recently waited upon him to present the demands of the Zemstvoists. A petition is being circulated throughout this district to be presented to the Czar praying him not to give Jews a voice in the proposed representative assembly, when the call for assembly is promulgated.

Horrible Crime.

Paterson, N. J., July 18—The most horrible crime that was ever committed in Passaic county was discovered this morning when Delia Conklin, 19 years old, was found with her skull crushed at the home of her mother in Conklinville, a small village about ten miles from Paterson. County Physician McBride says that every bone in her skull was smashed and that her brains were scattered about the room. The victim was a mountaineer of low moral standing. She was reputed to be the wife of Sherman Conklin, 24 years old, and the two lived at Slootsburg.

Her first husband, Hiram Conklin, to whom she was never legally married, is said to have hounded her ever since she went to live with her second husband. Strange to relate, the victim's maiden name was Conklin and the two men named Conklin are in no wise related. Possees of citizens have started to look for Hiram Conklin, the suspected murderer.

Hiram Conklin was arrested today by Assistant Prosecutor Ralph, at Midvale, and locked up. The prisoner refuses to make any statement. Coroner Wheeler will hold the inquest into the death of the woman on Friday night next.

Princess Louis.

Vienna, July 18.—Princess Louise, of Saxe Cobourg-Gotha, who was recently declared to be sane by the doctors who examined her in Paris after her escape from an asylum, has telegraphed to her attorney in Vienna, declining to negotiate with her husband, Prince Philip, of Saxe-Cobourg-Gotha, in regard to securing a divorce. The prince is still represented by Attorney Bachrach, who, according to Princess Louise, treated her shamefully while she was in the asylum. The princess declines to enter into negotiations with her husband while he retains Bachrach. The question of the alleged cruel treatment of the princess will, therefore, come before a court for adjustment, as Prince Philip has begun proceedings for divorce at Gotha.

Railroad Accident.

Rochester, N. Y., July 18.—The western express due in this city at 4:05 this morning, was wrecked just east of the city line at 3.51 o'clock. Engineer Clark, was fatally scalded, dying in the hospital at six o'clock. His fireman, Martin Closey, was also scalded, and George White, colored, riding in the smoker, was badly bruised. None of the other 175 passengers was hurt. The express was westbound, on track No. 2, and at the point where the accident occurred there is a sharp curve. A yard engine was backing a line of empty coal cars across to track No. 1. About half of the line had crossed, when the express crashed into the middle of the train of empty cars. The big express engine ploughed its way through the lighter cars, scattering debris on either side and hurling parts of the wreckage up on top of the telegraph wires. After going through the train the engine of the express slewed around and toppled over, burying the engineer and fireman beneath it, where they were pinned for almost an hour. The express car was thrown across all the tracks. The smoker and a day coach left the rails, and the eight sleepers held the track together with a private car containing General Superintendent Hutchinson, of the Michigan Central, and a party of railroad men.

Wanted Live Mother Embalmed.

Maysville, Ky., July 18.—Tony Marshall is in jail here for what the police regard of the meanest practical joke ever heard of. Marshall, who lives several miles out of town, came here yesterday and asked Undertaker Coughlin to go out to his home and prepare his mother for burial, saying he wished her body embalmed. He also asked Coughlin to allow him the use of a horse and buggy for a few hours, as he desired to notify some relatives in the country. This Coughlin did. After Marshall had started the undertaker loaded his paraphernalia in a wagon and drove out to Marshall's home. He found the old lady out in the garden pulling weeds. Coughlin refuses to relate what she said. It developed that Marshall desired to attend a picnic in the country and was without means sufficient to hire a buggy.

FOREIGN NEWS.

The Berlin Tageblatt says that the powers have threatened the Porte that unless he agrees to the proposal for international control of the finances of Macedonia a joint naval demonstration will be made at Saloniks, to compel Turkey to come to terms on the subject.

Acting upon the advice of the Spanish Minister to Cuba, the Spanish government has decided to establish a Spanish academy in Havana for the purpose of teaching Spanish so that it will continue to be the dominant language in the island. The Spanish Minister at Havana has strongly recommend that this should be done, and the government has agreed to his plans.

It is stated in Berlin that while M. Witte, the Russian senior plenipotentiary, is in Paris on his way to Washington to attend the meeting of the peace envoys he will have a conference with Parisian financiers. The purpose of the conference is to determine on what conditions Russia can negotiate a loan to cover the indemnity which Russia will probably be forced to pay if peace is to be re-established.

[COMMUNICATED.

W. C. T. U.

The Allison W. C. T. U. will hold an ice cream festival next Thursday and Friday, July 20 and 21st, at Odd Fellows' Hall, admission including refreshments 15 cents.

The W. C. T. U. is in reality "Organized Mother Love," therefore we find it busy everywhere, doing just those things mothers ought to do. It would take all the space in the Gazette to tell of the numberless things that the W. C. T. U. is doing in order to make the world a more home-like place. The object of this communication is to especially emphasize the two things that our organization in Alexandria desires to accomplish at this time, then the financial help given us as the result of the ice cream festival. We wish to help the boys and add to the comfort of the sick, two motherly desires. In order to continue the night school which was such a successful feature of our work last year, money is needed. We cannot pay rent and equip a building unless we have the necessary funds and to the public of Alexandria we look for help along this line. Invested in the growing boy (and girl too) of today, is the future wealth of our city, and in order to develop that wealth, much patient work is needed. Citizens of Alexandria, help us at this time by making our festival a grand success and our organization and its friends will use every ability to train the boys of the night school to become good citizens of the future Alexandria. Surely no appeal is needed when our hospital stretches out its hand for help. No work is more Christ like than ministering to those who are the captives, of pain, financial anxiety should never be allowed to burden those who give their lives to such work and yet our hospital is just now sadly in need of funds. One half of the net proceeds of the festival will be given by the Allison W. C. T. U. to the hospital. Friends, assist us, purchase tickets (for sale by the members), send cakes to the hall on Thursday and Friday. Contributions in money may be sent to Mrs. Jones, 817 Prince street. Come up to the hall and enjoy a saucer of cream with us.

Republican Meeting.

About fifty persons answered the call for the republican meeeting at Schuler's Hall last night. Four colored men were present. Three sat near the door and while wielding their hats as fans viewed the proceedings from afar. Another mingled with the whites, but took no part in the meeting, and before the adjournment the quartette left the hall.

Shortly after 8 o'clock Mr. Frank M. Phillips, chairman of the city committee, called the assembly to order and stated that the object of the meeting was the selection of delegates to the State convention to nominate a candidate for Governor; also for the choice of delegates to a city and county convention to select a candidate for the Legislature.

On motion Mr. R. P. W. Garnett was called upon to preside and Mr. A. H. Agnew was chosen secretary.

The following delegates and alternates to the State convention were selected:

First ward—Delegates, Park Agnew, W. P. Graves and Thomas H. Bayne; alternates, R. E. Grover, J. K. Swartz, and Charles A. Dean.

Second ward—Delegates, R. H. Hancock, James E. Johnston, and F. M. Phillips; alternates, Joseph B. Drew, John T. Boyd, and Fred Didszoneit.

Third ward—Delegates, J. A. Eggborn, Paul B. Hulfish, and Joseph L. Crupper; alternates, O. P. Augelo, Worth Hulfish, and John Schwarzmann

Fourth ward—Delegates, W. H. P. Kelly, John Mulley, and J. Frank Carlin, alternates, Frank T. Evans, A. H. Agnew, and Louis Cheeseman.

The following were then chosen delegates and alternates to the legislative convention:

First ward—Delegates, Herbert C. Graves, C. M. Hancock, and J. Lee Lash; alternates, Benjamin Greenwood, J. H. Naylor, and R. E. Grover.

Second ward—Delegates, John T. Boyd, Harry Bales, and F. M. Phillips; alternates, S. H. Forrest, Edward Hughes, and Martin Quinn.

Third ward—Delegates J. A. Eggborn, Paul B. Hulfish, and Joseph L. Crupper; alternates, O. P. Augelo, Worth Hulfish, and John Schwarzmann.

Fourth ward—T. F. Kelly, R. P. W. Garnett, and John Devitt; alternates, Frank T. Quinn, S. R. Wade, and John M. Young.

Subsequently resolutions were adopted extending a hearty welcome to Alexandria to Mr. L. P. Summers, the newly-appointed Collector of Internal Revenue for this district, in which he was referred to in complimentary terms; endorsing Judge L. L. Lewis for Governor; expressive of esteem for Mr. Campbell Slemp, Congressman from the Ninth district of Virginia; commending the efforts of Mr. C. Bascom Slemp, the present republican State chairman, and pledging him undivided support, and endorsing President Roosevelt's policy.

During the meeting speeches were made by Messrs L. P. Summers, W. E. King, of Bluemont, and Robert W. Blair, of Wytheville. Each of the speakers attempted to make issues out of the troubles which have recently occurred in the educational department of the State.

Mr. Summers's speech was spirited. Among other things he said that he saw before him enough able white men to make Alexandria a republican city, and he warned the democrats that they must walk in the paths of rectitude or be put out of office. Mr. Summers discussed State issues at some length, and said: "There is no longer any reason why any white man in the State of Virginia should not vote with the republican party," inferring that race prejudice is no longer a question in Virginia politics. He then turned his attention to local affairs, and said that if there were two strong parties in Alexandria it would result in good government, no matter which side happened to be in, and there would be no grass growing in the streets nor no necessity for grand juries to investigate any branch of the city government.

Mr. Summers was followed by Mr. King who assailed the recent State convention and dwelt long upon the fact that men who fail to pay their taxes are not permitted to vote under the present regime. He repeated substantially what was said at reconstruction meetings in Alexandria over a third of a century ago—that it was the purpose of some in Virginia to form an oligarchy in the State and run the government by aristocrats, cutting away from a certain class altogether.

Mr. King was followed by Mr. Blair, who spoke earnestly for a short time in advocacy of republican propositions.

The meeting was on the lily-white basis. The speakers occasionally referred to the colored voters, but always implied that they were but the tail to the republican kite, saying that as the whites were in the majority, it was but natural for them to insist upon being the leaders.

The meeting adjourned about ten o'clock.

It is understood that Mr. J. B. Henderson, of Alexandria county, will be the republican candidate for the Legislature.

It is rumored today that the new managers of the party in this city let it be generally known yesterday that the colored voters were not expected to attend the meeting—indeed that they were not wanted.

Unlicensed Dogs.

During the past week only a few licenses have been issued to keep dogs. Last year there was a decrease of six per cent. in the number issued as compared with two previous years, although it was well known that as many, if not more, dogs were in the city than ever before. Lists are prepared of the names of dog owners and handed to the Mayor who delivers them to the police force with instructions. The names have been arranged by the Auditor in alphabetical order as to the owners, and when printed will be turned over to the authorities. It is certainly obvious that many persons deliberately try to evade the payment of this tax, and when reported make all manner of excuses. If fined, as the laws requires, less would be heard of this license dodging.

The Hot Wave.

The heat yesterday was intense, and toward the close of the day the light breeze which had prevailed at times ceased altogether, and the atmosphere became still more oppressive. As night set in the sultriness was intense. A dead calm prevailed and it was hot everywhere. Sleep was impossible for many under the prevailing conditions, and they left their beds this morning far from being refreshed. As the sun rose the rattling of locusts and a clear sky portended another hot day. The Weather Bureau last night announced that there was no prospect, for several days at least, of a let-up in the extreme heat. The entire country, from the Mississippi Valley eastward to northern New England and the Florida coast, is sweltering under the torrid wave.

At noon yesterday the mercury registered 90°, but by 3 o'clock in the evening it had mounted the 94° mark, where it remained for some time. The night was the hottest of the season. At 8 o'clock this morning the mercury registered 82°, by noon it had passed the mark, and at 3 o'clock it had gotten back to 94° again.

STANDING OF THE CLUBS.

The Del Rays and the Old Dominions crossed bats on the fair grounds yesterday evening and played a good game of baseball. In the fifth inning an argument occurred between the two teams, Birrell having lost his head and threw the ball into the crowd. The following was the score: Old Dominions, 11; Del Ray, 10. Ropes should be stretched on the foul lines and the crowd kept back of them. There is too much interference with the players, as in yesterday's game an attempt was made to trip the catcher of the Del Ray team. What the league should have is good, clean ball playing.

A good game of ball is expected to be played tomorrow evening between the Virginias and Potomacs on the old fair grounds at 5:30 o'clock sharp. The batteries will be as follows: Virginias, Gorman and Tennesson, Potomacs Davis, and Sutherland.

Held for Grand Jury.

At the conclusion of the coroner's inquest held in Washington yesterday over the body of William Crowley, colored, a former fireman on the steamer Estelle Randall, who either fell or sprang overboard Friday night and was drowned, the jury returned a verdict recommending that Capt. Harry S. Randall be held for the action of the grand jury. Capt. Randall, who has been in custody of the police since his arrest on Saturday morning in this city, yesterday evening gave $5,000 bond for his appearance. His sureties were John Fitzmorris and John H. Lipphard. It is alleged that Crowley, who could not swim, either fell or jumped into the river while being pursued by Captain Randall, who, it is claimed, sought to punish him. When the case comes up for trial Captain Randall will be represented by Attorney William Earl Ambrose. Assistant District Attorney Turner, who represented the United States at the inquest, yesterday evening intimated that manslaughter would be the charge against Randall.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Minor, colored, arrested by Officer Nicholson charged with vagrancy, was dismissed with an admonition.

John Carter, arrested by Officer Lyles charged with non-support of his family, was dismissed, the plaintiff failing to appear.

George Green, Nellie Jackson and Daisy Lee, all colored, arrested by Officer Bell charged with disorderly conduct and fighting, were fined $5 each.

Edward Cogswell, colored, arrested by Officers Lyles and Allen charged with disorderly conduct, was fined $5.

H. V. Kelly, arrested by Officers Beach, Allen and Lyles charged with selling liquor on Sunday and without a license, was fined $50 and 60 days in jail.

Enforcing the Vagrant Law.

Among the cases brought before the Police Court this morning was that of a colored individual named James Minor, who had been arrested by Officer Nicholson under the vagrant act. Minor was charged with loitering on corners on north Fairfax street with no visible means of support. The accused in his defense asserted that he worked occasionally. Justice Caton dismissed him with an admonition to the effect that he must cease to stand on corners whether he worked or not, and should he be found at such places in future the law would be enforced. This is a movement in the proper direction, and it is suggested that the police "make no discrimination in color, race or previous condition of servitude."

A Curiosity.

Mr. L. E. Harper has returned from Fort St. Michael's, Alaska. He brought with him a souvenir of the far northwest in the shape of a walrus tooth, upon which is carved an Eskimo hunting walrus. The tooth has been made to resemble one of these aquatic monsters, while upon the flattened surface the numbers and pegs are arranged for a game of cribbage. The curiosity is on exhibition at Mr. F. H. Harper's cigar store, on upper King street.

Miss Crump, of Norfolk, who has been visiting in this city, left for her home yesterday evening, much to the regret of many of her Alexandria friends.

Mr. and Mrs. Charles Hunt and little son Claude, of St. Louis, and Miss Alma Wrenn, of Lynchburg, are visiting Mrs. Thomas Pullman.

Mrs. C. J. W. Summers and family have gone to Madison, Dorchester county, Md.

Miss Hazel Mason is visiting Misses Lena and Sallie Patterson in Fairfax.

Mr. and Mrs. John McKenna have returned from a visit to Boston.

Severe Shock.

Mr. William Power, of this city, an employee of the Hydraulic Brick Company, received a severe electric shock and had one of his hands painfully burned in the telegraph office of the electric railway at Arlington Junction yesterday. An employee of the road had attached a wire to a cent and placed the same upon a table for the purpose of playing a practical joke upon some boys who had been annoying him. Mr. Power later entered the office and sat down by the table, and in doing so inadvertently placed his hand upon the cent. He received a terrible shock which knocked him over, and the hand which came in contact with the coin was painfully burned.

Fined Fifty Dollars.

The case of H. V. Kelly, who was arrested last week by Officers Beach, Allen and Lyles, on the charge of selling beer on Sunday and without a license, came up in the Police Court this morning. The accused was represented by Mr. L. H. Machen and Mr. S. G. Brent, Commonwealth's Attorney, conducted the prosecution. Kelly was fined $50 and sent to jail for sixty days.

Mr. Kelly took an appeal and was released on bail, Mr. Fred Kicherer becoming his surety.

New Ice Houses.

It is reported that Armour & Co. will soon do away with their ice houses just west of the Southern Railway yards and will build larger and better buildings on the new railroad line just northwest of this city where cars containing fruits and vegetables from the South will be re-iced.

LOCAL BREVITIES.

Frederick, the infant son of Mr. F. P. and Mrs. Ruth E. Abendschein, died in Washington yesterday.

There was a well-attended meeting of Perseverance Tent of Rechabites last night. Seven new members were initiated.

Justice Caton this morning ordered all persons who were not witnesses to retire from the Police Court room. This action was deemed necessary by reason of the stifling heat.

Employees of the B. F. Smith Fireproof Construction Company, of Washington, were in this city today making plans and estimates for remodeling the office of the Clerk of the Courts.

The new schedule of the electric railway which went into effect this week is, it is said, proving very satisfactory to the traveling public.

A fire of incendiary origin started in the stables of Richards & Gaston, contractors, at Raritan, N. J., at noon, today. The flames spread to five other stables, a dwelling house the St. Bernard parochial school, and Amerman & Niger's grocery on Main street. The volunteer fire department of Somerville and Bound Brook were called upon for assistance. The loss is estimated at $28,000.

Frederick E. Carlton, under arrest in Brooklyn, charged with swindling of M. Schaub, former shipmate, out of $700, was indicted for that offense today by the grand jury. The case was postponed for two weeks. He gave no indication that the terrible suspension that he murdered his two wives caused him any worry.

Swam the Rapids.

Carlisle D. Graham, of Niagara Falls, N. Y., and William J. Glover, jr., of Baltimore Md., successfully swam the lower rapids of the Niagara River from the American side of the whirpool to Lewiston yesterday afternoon. The distance of four miles was covered in twenty-six minutes by Glover.

The start was made at 4:02 p. m. from Flat Rock, which is on the American side. The swimmers did not venture in the upper rapids, where Capt. Webb lost his life. Both men wore life belts and inflated rubber rings around their necks.

From the start Glover took the lead. He entered the rapids about a minute ahead of Graham. Until the Devil's Hole was reached the swift current and roaring rapids had the swimmers in their grasp. At that point a swirling eddy caught Glover, and he was down nearly two minutes. His life-belts saved him. Graham by this time had gained on Glover and when the two men reached the end of the rapids just above the suspension bridge at Lewiston, there was but a little distance between them. Swimming in the swift, smooth current was hard for Graham, but evidently easy for Glover. At 4:28 o'clock Glover was pulled up on the dock at Lewiston. He was dressed, and about fifteen minutes later was telling his story. Graham was taken to a hotel in a wagon, and did not leave his bed until late in the afternoon. Neither of the men was injured.

Graham swam the lower rapids twice before, first on September 7, 1901, and again on August 31, 1902. He is about fifty-five years old, while Glover is about thirty-five years old.

Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guranteed at 50c and $1.00 by E. S. Leadbeater & Sons, druggist. Try them today.
